**CASE IH MODEL YEAR 2011 AND OLDER
STARTER FERTILIZER PLACEMENT TUBE
PART #38181 (GXSTIH1200)**

(Read Instructions Completely before Beginning Installation)

Installation Steps:

Before you begin, verify the “package contents” to ensure all items are included.

- Step #1:** Remove the pin at the bottom of the down tube and install the fertilizer tube. (Make sure the 80 degree bend on the top of the tube is facing the front of the planter.)
- Step #2:** Re-install the pin through the washer on the fertilizer tube.

Note: *This product does not apply below the seed!*

This tube is mounted washer-down in the pictured down tube on the planter.

This tube does not fit on 2012 model Case planters or newer. For tubes that fit the 2012 & newer Case planters see part #53659 (GXSTIH1200NEWER).
