**JOHN DEERE 1700 SERIES WITH XP ROW UNITS
STARTER FERTILIZER TUBE
PART # 38180 (GXSSTJD17XP)**

(Read Instructions Completely before Beginning Installation)

Installation Steps:

Before you begin, verify the “package contents” to ensure all items are included.

- Step #1:** Remove depth gauge wheels and discs, taking note of shim placement.
- Step #2:** Remove factory seed tube guard.
- Step #3:** Install new AgXcel Part # 38180 (GXSSTJD17XP).
- Step #4:** Bend centering tab against row shank.
- Step #5:** Tap centering tab with mallet to firmly hold tube centered.
- Step #6:** Re-install disc openers, making sure you have correct shim placement.

AgXcel recommends replacing disc openers when you put fertilizer tubes on.
