

GX⁵ D45 **FOR vAPPLY HD**

Introducing AgXcel's Newest GX5 Hydraulic Solution to smoothly and accurately apply liquid in high speed planting environments with vApply HD.

AgXcel's PWM

Utilizing AgXcel's proprietary PWM Hyd Valve for unmatched Hydraulic management and system performance

Large valves in AISI 316 for best hydraulic efficiency and better resistance to chemical agents.

Bolts and nuts for affixing the diaphragm in AISI 316.

BlueFlex Diaphragm

Long-life BlueFlex® diaphragms for resistance to spraying chemicals and aggressive liquid fertilizers.

Seals in Viton on our LFP Pumps.

N°2 High Quality needle bearings under the connecting rods to reduce friction

Pump head in Nylon for aggressive chemicals.

- Low Maintenance
- Long-life Blue Flex™ diaphragms for resistance to spraying chemicals and aggressive liquid fertilizers
- Minimal Hydraulic Oil usage
- High Pressure capabilities
- Stainless steel nuts and bolts
- All parts in contact with spraying liquids are polypropylene and stainless steel for higher flow and better corrosion resistance
- Minimal to Zero pulsation allowing vApplyHD modules to maintain steady and consistent
- The 3+ cylinder design will allow the system to prime faster with less vibration during use.
- Range of .5 - 11 GPM flow rate (*Higher volume systems available*)
- **NEW** Blueflex Technology = Long-life diaphragms for resistance to spraying chemicals and aggressive fertilizers.

NEW

GX5

HEAVY DUTY & LONGER LIFE DIAPHRAGM

SPECIAL SHAPE

The special shape and thickness of the diaphragms has been carefully optimized to reduce mechanical stresses during the working cycle of the pump even under the most difficult working conditions.

BLUEFLEX SYSTEM

The combination of the new BlueFlex diaphragms when used with the new patented diaphragm plate is known as the "BlueFlex System". This translates into heavy duty and long diaphragm life.

PATENTED DIAPHRAGM PLATE FOR BLUEFLEX DIAPHRAGMS

The new patented diaphragm retaining plate has a shape that minimizes the possibility that the diaphragm can get caught or nicked by the diaphragm plate.

STANDARD FEATURE ON ALL GX5 HYDRAULIC SYSTEMS

Give us a call to find out which GX5 with BlueFlex Technology is best suited for your needs!
